RESIDENTIAL FLOORING SOLUTIONS

Living Room -
Seamless neutral finish

Living Room - Antique brown hues

We know what home owners want as it pertains to flooring; unique, beautiful, durable, easy to clean and long lasting but not boring or expensive like tile or other floor coverings. You want

something better. Something different. That is what Residential Flooring Solutions by Elite Crete Systems can offer...

Let's face the facts. Tile cracks easily, grout lines stain and cost can become an issue. Wood scratches far too easily and the thought of refinishing it every few years can be scary. Carpeting is difficult to keep clean, therefore it is not hygienic, and is not as durable as its price reflects. With our Residential Flooring Solutions, homeowners no longer need to be concerned with the shortcomings of other floor covering and can have worry free flooring for years and decades to come.

Dining Room -
Easy to clean and stain resistant

Sun Room - Custom designs

Workout Room -
Subtle colors and tones

Den - Two tone shaded tile

IDEAL FOR:

- Living spaces
- Basements
- Sun Rooms
- Laundry Rooms
- Literally any floor in your home where you want a beautiful and durable finish...

BENEFITS OF RESIDENTIAL FLOORING SOLUTIONS BY ELITE CRETE SYSTEMS:

- Virtually unlimited designs, patterns, textures and color options, limited only by your imagination
- Complete project customization
- Extremely affordable and cost effective
- Extreme durability for high traffic areas
- Did we mention our flooring systems are so strong that they can handle vehicular traffic
- Very low maintenance compared to other flooring products
- Will not stain like tile grout or carpeting
- Quick installation time—days not weeks like other flooring products
- VOC free options—being “Green” is important to you and important to us
- Much more value over the life of the floor than traditional flooring products
- Can be installed pre or post construction
- For new or existing floors
