Tile, wood, carpet, marble and terrazzo... Before Elite Crete Systems Commercial Flooring Solutions, those were the standard choices when considering a commercial flooring product. Not anymore. Elite Crete Systems flooring products are being specified and used more than ever because of the tremendous benefits our flooring systems can provide.

Property owners, architects and designers want our flooring products because they are ultra tough, easy to maintain, cost effective compared to any other flooring option and completely unique.

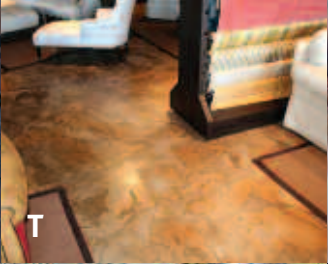

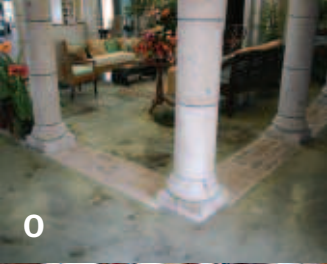

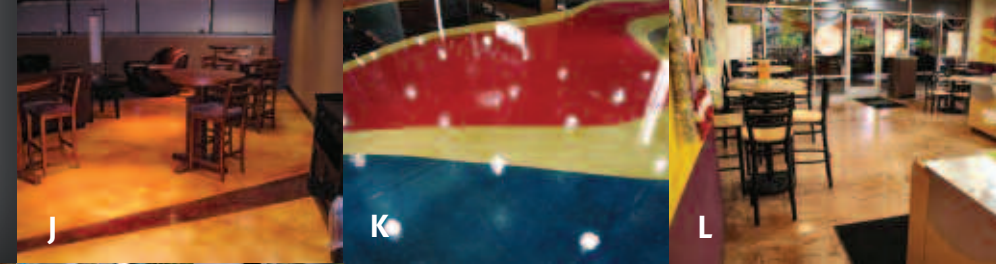

Retail Store - Seamless and custom medallion

Office Reception Area - Seamless with ribbons

BENEFITS OF ELITE CRETE SYSTEMS COMMERCIAL FLOORING:

- Virtually unlimited designs, patterns, textures and color options, limited only by your imagination.
- Complete project customization.
- Extremely affordable and cost effective.
- Extreme durability for high traffic areas.
- Did we mention our flooring systems are so strong that they can handle vehicular traffic?
- Very low maintenance compared to other flooring products
- Will not stain like tile grout or carpeting
- Quick installation time – Days not weeks like other flooring products.
- VOC free options. Being “Green” is important to you and important to us.
- Much more value over the life of the floor than traditional flooring products
- Can be installed pre or post construction.
- For new or existing floors.
